

# ASFA NAAZ

---

## ABOUT ME

As a Computer Science Student with a degree in Computer Science, I am eager to apply my skills and knowledge in a dynamic and challenging environment. Throughout my studies, I have developed a strong foundation in programming languages such as Java and a bit of knowledge in C, and I am also familiar with web development and database management. I am a fast learner with a passion for technology, and I am excited to begin my career in the field of computer science.
